Mr. and Mrs. J. L. Griffin, of Richmond spent Monday with her parents, Mr. and Mrs. G. W. Glover.

A loyal dog is your assurance of having one friend.

Play safe — drive carefully.

Health and Beauty

Time flies in this modern world. We are faced with many problems and tensions that our grandmothers never had to deal with. It is no wonder that more people than ever before are having nervous breakdowns. All this tends to make us age faster.

Fortunately, there are a few tricks in living which we can apply to barricade ourselves against early aging. A list of them would include good nutrition, good posture, happy thoughts, eager interests, and careful skin and hair care. Then, there is exercise, which has great magical powers.

As the years fly by, there are a few exercises which will be especially good for you. Here are two:

Stand with your back toward the wall with your head, shoulders, and hips touching the wall. Your heels should be about 6 inches away from the wall. Pull your abdomen in hard until the curve of your back touches the wall. Hold while you slowly count to six. Later you can extend the count to twenty. Lift the chest and relax the abdomen. Repeat a number of times.

Another: Lie on your back on the floor, arms and palms resting on the floor, legs straight. Slowly lift both legs as you lift your head. Don't duck your chin. Now, slowly return legs and head to the floor.

QUESTIONS OF THE WEEK

(Editor's note: Here are the questions asked most frequently by Virginia farmers during the past week, as reported by county agricultural agents. Staff members of the VPI Agricultural Extension Service and/or Experiment Station supply the answers.)

Q. What can I use to spray trees and shrubs to control scale?

A. At this time of the year, use a malathion spray.

Q. When should I sell cows that are raising calves?

A. Sell them before the grass fed cattle start going to market in the fall, preferably before mid-August this year.

Q. How can I prevent hog cholera? Can I vaccinate pregnant sows?

A. Vaccination is your best insurance. Pregnant sows can be vaccinated up until about four weeks before they farrow.

Q. Is there a vaccine which will prevent pneumonia in hogs?

A. No.

Q. A sooty - looking substance is in patches on my lawn. What is it, and will it do any harm?

A. It is commonly called "slime mold," and will appear after extended periods of hot, humid weather. It does no harm and will go away as soon as the soil dries.

Q. Will it pay to build corn storage?

A. Generally, yes, assuming you store corn at the proper moisture content, keep it free of insects, and otherwise solve technical problems. If you have a corn drier, and if you harvest to meet the early market when prices are up, it may be more profitable to sell immediately rather than storing. There are so many variables, it is hard to give a blanket answer.

Q. How can I keep the weeds out of my tobacco plant bed during the summer?

A. Seed a cover crop after you are through transplanting. Plow and disc in the cover crop between mid-August and September 1. In the fall, apply one of the chemicals for weed control.

SUFFERS BURNS IN HOLIDAY ACCIDENT

Mrs. W. Lathan Harvey is reported to be satisfactorily recovering at the Virginia Baptist Hospital from extensive burns which she suffered on the morning of July 4. A party composed of Mrs. Harvey and her son, Bill, Mr. and Mrs. Edwin R. Carter, and Mr. and Mrs. Millard "Red" Harvey had motored to Holliday Lake around 7 A. M. that morning for a cook-out breakfast. In an attempt to make a fire burn, an inflamable fluid was used, which caused an explosion. Mr. Carter and Mr. Harvey also suffered burns.

Birthday List

Mr. Roy Allen Tolley, July 29.
Royall Ferguson, July 31.

Dial 2811 with Personals.

KNOW THE WEATHER

By E. H. Sims

What role do the sun's ultraviolet rays play in molding the earth's weather?

Ultraviolet rays from the sun are short waves which, curiously, tend to heat the earth's equatorial zone more than the polar ones, for example. This has a great effect on the winds which circle the earth, as can readily be seen — heat being a producer of wind and cloud.

Generally speaking, when the sun's ultraviolet rays are more numerous than usual, the greater area of the United States is due for stronger west-east weather.

Fewer ultraviolet rays from the sun mean warmer and trier weather for most of the country.

—Moreaton.

Joe was dead and Elmer called on the widow to express sympathy.

"Joe and I were mighty close friends," Elmer said. "Isn't there something I could have to remember him by?"

Tearfully the widow raised her eyes and whispered: "Would I do?"

RICH NAG

St. Louis.- A 23-year-old riding horse has inherited $3,500 from the estate of Robert S. Green, of St. Louis.

Green in his will directed that the money be used to care for the horse, named Willy. What remains when the horse dies is to go to the humane society.

LOCAL PEOPLE VISIT IN MINNESOTA

Mr. and Mrs. Edward O'Brien and Linda and Roger, and Mrs. J. D. Harris recently returned by car from Mankato, Minnesota, where they spent ten days visiting Dr. and Mrs. Louis Balcziak, of that city.

While in Mankato, the Doctors Daniel and Verona Burton held open house in their honor in order for the Virginia visitors to meet mutual friends of theirs and the Balcziaks.

Places of interest that the Edward O'Briens and Mrs. Harris visited were Minneopa Falls in Minnesota and the Sibley Park Museum and Zoo, which is one of the three remaining zoos in the state of Minnesota.

Dr. and Mrs. Balcziak entertained Rev. M. C. Johns and his family at a southern fried chicken dinner while the O'Briens and Mrs. Harris were in Mankato. It was quite an occasion to have so many Southerners together in Minnesota. Rev. Johns, Pastor of the First Baptist Church of Mankato, is formerly of West Virginia.

Other visitors in the Balcziak home were Mr. and Mrs. Walter Balcziak, of Duluth, Minnesota, the parents of Dr. Balcziak.

Dr. and Mrs. Louis Balcziak will leave Mankato, Minnesota, on July 16 to spend a few days in Appomattox before going on to Oak Ridge, Tennessee, where Dr. Balcziak has accepted a National Science Foundation Fellowship for six weeks at the Oak Ridge Institute of Nuclear Studies.

Richwood

Richwood, July 6.- "He that troubleth his own house shall inherit the wind, and the fool shall be servant to the wise of heart." —Proverb.

Mr. and Mrs. Harry Nash visited with Mr. and Mrs. D. A. Pugh Friday evening.

Mr. and Mrs. D. A. Pugh were in Lynchburg on business Monday.

Mr. and Mrs. L. M. Ferguson and children were the supper guests of Mr. and Mrs. T. T. Wooldridge Monday evening.

Mrs. G. P. Brannan and daughters, Val and Georgie Belle visited Sunday with Mr. and Mrs. T. T. Wooldridge.

Mrs. Harry Martin visited with Mrs. D. A. Pugh one afternoon last week.
